LORELLA LOCALS

Jesse Forbes, a young man em-
ployed by O. R. Campbell, met with
an unfortunate accident last Sunday.
He was attempting to remove a por-
cupine quill from the nose of one of
his horses, when the animal reared
and struck him on the forehead,
breaking one of the bones and dis-
locating his elbow.

Sam Courtney returned from a
business trip to Klamath Falls last
Sunday.

Warren Kilgore, who has been in
charge of the flour mill in Bonanza
for the past year, is moving this week
to the Kilgore ranch in Upper Langell
Valley, where he will operate from
now on.

A lecture, entitled "The Possible
Man," by Rev. Feese of Klamath
Falls, was given at the Lorella school
house on March 19. Quite a large
number of tickets were sold.

Little Violet Vinson, the 3-year-old
daughter of A. H. Vinson, has an
unusual experience and a narrow es-
cape from serious injury last Monday.
The child, while playing near the
house, was suddenly attacked by a
cross old turkey gobbler, which pecked
her face severely, and would, no
doubt have injured her eyesight had
she not fallen on her face. The gob-
bler took the Thanksgiving route
shortly afterward.

The Langell Valley Telephone com-
pany now has a new central at the
Bonanza postoffice, in connection with
the Pacific States company, and is ar-
ranging for a night service, which
will be of great value to the people
here when in need of medical aid and
in other emergencies.

NEW SENATE SECRETARY

James M. Baker of South Carolina
has been appointed secretary to the
United States senate. This position
pays \$6,500 a year, only \$1,000 less
than the salary of a senator. Mr.
Baker is a university graduate in
law, and has served for some time as
a librarian in the senate. He had the
backing of Senator Ben Tillman for
the position.

REDSKINS WILL HOLD CONGRESS

REPRESENTATIVES OF DIFFER-
ENT TRIBES OF THE COUNTRY
WILL ORGANIZE AT CAPITAL
TO FURTHER INTERESTS

WASHINGTON, D. C., March 20.—
Congress, when it reconvenes, will
find a rival in the capital. It devel-
oped today that plans have been made
to establish here an organization to
be known as the Indian congress. The
arrangements were approved at a
meeting of several tribal Indians and
their representatives last night.

The congress will have one re-
sident delegate from each of the var-
ious tribes of the country. Each dele-
gate will receive a salary, the amount
to be determined by the council of
each tribe, to be paid out of the tribal
funds. The primary object of the con-
gress will be to look after the inter-
ests of the Indians before the govern-
ment and congress.

The Indian newspaper, the Tom-
hawk, now printed on the White
Earth reservation in Minnesota, is
also to be moved here, and it is ex-
pected publication of the paper in
Washington will begin by the time
the extra session of congress con-
venes.

AT ONCE! CLOGGED NOSTRILS OPEN HEAD COLDS AND CATARRH VANISH

Breathe Freely! Clear Stuffed-Up,
Inflamed Nose and Head and
Stop Catarrhal Discharge. Cures
Dull Headache.

Try "Ely's Cream Balm."

Get a small bottle anyway, just to
try it—Apply a little in the nostrils
and instantly your clogged nose and
stuffed-up air passages of the head
will open; you will breathe freely;
dullness and headache disappear. By
morning the catarrh, cold in head or
catarrhal sore throat will be gone.
End such misery now! Get the
small bottle of "Ely's Cream Balm"
at any drug store. This sweet, fra-

grant balm dissolves by the heat of
the nostrils; penetrates and heals
the inflamed, swollen membrane
which lines the nose, head and
throat; clears the air passages;
stops nasal discharge and a feeling
of cleansing, soothing relief comes
immediately.
Don't lay awake tonight strugg-
ling for breath, with head stuffed;
nostrils closed, hawking and blow-
ing. Catarrh or a cold, with it's
running nose, foul mucus dropping
into the throat, and raw dryness is
distressing but truly needless.
Put your faith—just once—in
"Ely's Cream Balm" and your cold
or catarrh will surely disappear.

NEW INDOOR SPRINT CHAMPION

Howard Drew, the high school boy
from Springfield, Mass., has repeat-
edly shown this winter that he is in a
class by himself in the short dashes.
He leaves the mark as though shot
from the starting gun, and usually
has the race well in hand before pas-
sing the half way post. In the indoor
championship meet held in Madison
Square Garden recently, he easily an-
nexed the title in the 75-yard dash,
although he was traveling in the fast-
est sprint company in the East.

FIRE PATROL IS EXPLAINED

**STATE FORESTER DENIES RE-
PORTS SENT OUT BY TIMBER
BROKERS—STIMULATED FOR
SALE OF LANDS**

SALEM, March 20.—It has been
brought to the attention of the state
forester that some unscrupulous tim-
ber brokers are misrepresenting the
provisions of the compulsory timber
patrol law which was enacted by the
recent legislative assembly, and be-
comes effective June 2. Owners of
timber claims have been told that un-
der this law it will be necessary for
them to keep a patrolman on their
claims all summer at their own ex-
pense, and this has been urged as a
reason for sacrifice sales. Statements
of this kind are made purely for the
purpose of stimulating the sale of
timberlands, thus increasing the busi-
ness and incidentally the commission
of timber brokers.

The law provides that every tim-
ber land owner in the state, not residing
within 1 1/2 miles of his property, shall
furnish sufficient patrol therefor dur-
ing the dry season, and that in case
he fails to do so the state forester
shall provide the same at a cost not
to exceed 5 cents per acre per annum.
Any amount so paid by the state shall
be a lien upon the land, and shall be
collected with the next taxes.

It is obvious that the maximum ex-
pense to the owner of a quarter sec-
tion of timber land cannot exceed
\$8 per year, an amount that should
scarcely scare an owner into disposing of his
timber claim at a sacrifice.
One of the best ways for timber
land owners to comply with the law is
to join county fire patrol associations
that have been organized in most of
the timbered counties of the state.
It is expected that every timbered
county will have such an organization
before the fire season arrives. The
experience of these associations, some
of which have been in existence for
four years, proves that adequate pa-
trol can be secured at a cost of from
1 1/2 to 2 1/2 cents an acre, and if all of
the timber land owners join, the
average cost will be materially de-
creased. Protection from fire at a
cost of \$3 or \$4 per quarter section
should be welcomed by all timber
land owners, and it is hoped that no
one will be induced to sell their hold-
ings through misrepresentations
made by unscrupulous timber brokers
for the selfish purpose of increasing
commissions.

WAGE PROBES TO SEE WILSON

LIBERTARIAN GOVERNOR AND
MEMBERS OF THE ILLINOIS
COMMITTEE STAFF FOR THE
NATION'S CAPITAL

United Press Service
CHICAGO, March 20.—Lieutenant
Governor O'Hara and members of the
wage probe committee will leave
today for Washington, where they
will meet President Wilson Saturday
afternoon.

After the conference with the pre-
sident they will return here. They will
probably ask the president to call a
conference of the governors of the
different states to discuss minimum
wage legislation.

as his reason the administration's policy
in China.

President Wilson accepted the re-
signation at once.

FEED YOUR PIGS POTATOES

**EXPERIMENT STATION PROVES
STEAMED POTATOES WITH
BARLEY SAVES MONEY AND
MAKES FAT**

Special to The Herald
CORVALLIS, March 20.—That
steamed potatoes, fed with one-sixth
as much barley, will fatten pigs eco-
nomically has been proved by the
Eastern Oregon Experiment station,
where Robert Withycombe has just
completed experiments with steam-
ed potatoes as supplementary feed with
barley.

The hogs in the experiment were
divided into eight lots, and records
of the different feed rations given each
and the proportionate gains made were
carefully kept. Each hog in lots 1
and 2 ate an average of 176.15 pounds
of barley and 599.53 pounds of raw
potatoes, making a gain in weight of
60.76 pounds. Those in lots 3 and
4 ate 110.30 pounds of barley and
623.75 pounds steamed potatoes, and
made a gain of 70.60 pounds, while
those in lots 5 and 6 ate 228.60
pounds of barley and 554.20 pounds
steamed potatoes, and made a gain
of 75.10 pounds. Lots 7 and 8 ate
200.10 pounds of barley without po-
tatoes, and made a gain of 68.5
pounds.

The last two lots, fed barley alone,
were used as a check on the others
to show more definitely the propor-
tionate value of the potatoes. At
the present market value of 7 cents a
pound live weight, the hogs fed bar-
ley made a \$4.37 gain, which makes
the barley feeding value \$1.63 to the
hundred.

Lots 1 and 2, fed barley and raw
potatoes at the rate of 3 pounds of
potatoes to 1 pound of barley, made
a \$4.95 gain, which gives the raw
potatoes a feeding value of 29 cents
to the hundred. Lots 3 and 4, receiv-
ing six times as much steamed po-
tatoes as barley, made a \$4.94 gain,
giving the steamed potatoes a feed-
ing value of 47 cents to the hundred.
Lots 5 and 6, fed three times as much
steamed potatoes as barley, made a
\$5.47 gain, making the feeding value
of the potatoes 43 cents to the hun-
dred.

It is noticeable that those fed six
times as much potatoes as grain did
not make quite this gain, so the dif-
ference in feeding value is accounted
for. It is also noteworthy that the
steamed potatoes are worth 13 cents
more to the breeder than the raw po-
tatoes, as shown in the comparison
of the gains of steamed and raw po-
tatoes.

It is worth noting
that the
feeding value of
potatoes is
\$1.63 to the
hundred.
